Summary

Passionate Computer Science and Engineering undergraduate with internship experience building full-stack web applications using React, Node.js and MySQL . Experienced in developing secure, scalable applications and solving real-world problems through modern software engineering.

Education

Amrita Vishwa Vidyapeetham	2023–2027
B.Tech in Computer Science and Engineering	
Maharishi International Residential School	2022 – 2023
Higher Secondary Education (Class XII)	
Maharishi International Residential School	2019 – 2021
Secondary Education (Class X)	

Experience

OHAN – Overall Health and Nutrition	Jan 2026–Jun 2026
<i>Full Stack Engineer</i>	

- Developed Grocery Management modules for meal planning and food inventory support.
- Designed and implemented Doctor Portal features for healthcare professional access and patient management.
- Built nutrition-related functionalities to deliver personalized dietary recommendations.
- Integrated frontend and backend components to develop scalable, production-ready features.

Technical Skills

Programming Languages: Python, Java
Frontend: React.js, HTML5, CSS3
Backend: Node.js
Databases: MySQL
Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems
Tools: Git, GitHub
Cloud & Deployment: Vercel

Projects

Automated Timetable Scheduling System *Frontend Developer* | GitHub |

- Developed responsive user interfaces for the Automated Timetable Scheduling System.
- Built frontend pages and reusable UI components for timetable management and user interactions.
- Implemented responsive layouts to provide a seamless experience across desktop and mobile devices.
- Collaborated with the development team to integrate frontend pages with the overall application.

A2Z Pharmacy–Website *Web Application* | GitHub

- Developed a responsive pharmacy e-commerce website to streamline online product browsing, shopping, and order management.
- Implemented product browsing, shopping cart, user authentication, account management, and product detail pages.
- Designed an intuitive navigation system to enhance the online shopping experience across multiple pages.

Licenses & Certifications

- OHAN Internship Completion Certificate – 2026
- Platinum Software Internship Completion Certificate – 2026

Achievements

- Consolation Prize – Agentica Hackathon, IIIT Sri City
- Participant – DevX: Code, Create, Conquer Web Development Challenge, IETE Amrita Student Forum, Amrita Vishwa Vidyapeetham
